

# Kronos News Feed — rss.xml

A syndicable RSS 2.0 feed of the Kronos news dossier, backdated across 2023–2026 (40 briefings). This PDF is a human-readable reference; the live feed is the file **rss.xml**, served at <https://www.kronosfusionenergy.com/rss.xml>.

**How to publish** Drop **rss.xml** into your Lovable **public/** folder so it serves at **/rss.xml** (feed readers fetch raw XML — it cannot be a React route). Add a `<link rel="alternate" type="application/rss+xml" href="/rss.xml">` in the `<head>` and an RSS link in the footer. Validate at [validator.w3.org/feed](https://validator.w3.org/feed).

---

## 2026

#50 · 10 JUL 2026

### The Horizon: Toward Gate-Stage Hardware

As 2026 closes, Kronos looks ahead to its gated program — engaging vendors and the supply chain on the path from a validated design toward first hardware.

<https://www.kronosfusionenergy.com/news/50-the-horizon-finalizing-vendor-contracts-for-physical-construction>

#49 · 23 JUN 2026

### Load-Following Capability Modeled for Grid Integration

Kronos models load-following capability for grid integration in its design point, ahead of the gated program.

<https://www.kronosfusionenergy.com/news/49-load-following-capability-validated-for-grid-integration>

#48 · 02 JUN 2026

### CapEx Reductions Mapped Through Modular Manufacturing

Kronos finalizes the modular-manufacturing logistics that drive the CapEx reductions in its LCOE model.

<https://www.kronosfusionenergy.com/news/48-capex-reductions-mapped-through-modular-manufacturing>

#47 · 12 MAY 2026

### Microsecond AI Control Modeled for Vertical Displacement Events

Simulations show the microsecond AI digital twin can mitigate vertical displacement events (VDEs) in the design.

<https://www.kronosfusionenergy.com/news/47-microsecond-ai-control-overcomes-vertical-displacement-events>

#46 · 21 APR 2026

### Center-Stack Neutron Shield and Fluence Budget Analyzed

2026 simulation campaigns analyze the shielded center-stack neutron-fluence budget for the low-neutron design — no breeding blanket required.

<https://www.kronosfusionenergy.com/news/46-active-blanket-architecture-and-tritium-multiplier-validation>

#45 · 31 MAR 2026

### The 20 K Closed-Cycle Cryogenic Network Design Locked

Kronos locks the design of its 20 K closed-cycle cryogenic network, eliminating liquid-helium infrastructure from the balance-of-plant.

[https://www.kronosfusionenergy.com/news/45-the-20k-closed cycle-cryogenic-network-design-locked](https://www.kronosfusionenergy.com/news/45-the-20k-closed-cycle-cryogenic-network-design-locked)

#44 · 10 MAR 2026

### 1-D Thermal Gradient and Vacuum Vessel Structural Analysis Published

Kronos publishes its 1-D thermal-gradient (1700 C plasma edge) data and full vacuum-vessel structural analysis.

<https://www.kronosfusionenergy.com/news/44-1d-thermal-gradient-and-vacuum-vessel-structural-analysis-published>

#43 · 17 FEB 2026

### **24.6 T Peak Conductor Field: Survivability Analyzed**

The 2026 audit analyzes REBCO HTS magnet conductor survivability at the 24.6 T peak conductor field — just above the 24.4 T demonstrated single-coil, with a 1.59× strain margin.

<https://www.kronosfusionenergy.com/news/43-30-tesla-on-axis-field-conductor-survivability-confirmed>

#42 · 27 JAN 2026

### **The 2026 Tech Audit Presentation Delivered**

Kronos delivers its 2026 Tech Audit - a full disclosure of generator physics, engineering, and LCOE.

<https://www.kronosfusionenergy.com/news/42-the-2026-tech-audit-presentation-delivered>

#41 · 06 JAN 2026

### **Entering the Pre-Commercial Validation Stage**

Kronos transitions out of conceptual R&D into the pre-commercial validation stage for the S.M.A.R.T. generator family.

<https://www.kronosfusionenergy.com/news/41-entering-the-pre-commercial-validation-stage>

## **2025**

---

#40 · 03 NOV 2025

### **The Autonomous AI Stability System Detailed**

Kronos details the design of its autonomous AI stability ('immune') system for real-time plasma control.

<https://www.kronosfusionenergy.com/news/40-the-autonomous-ai-immune-system-operationalized>

#39 · 01 OCT 2025

### **Levelized Cost of Energy (LCOE) Model Details FOAK to NOAK**

Kronos details its levelized-cost-of-energy model across the FOAK-to-NOAK trajectory.

<https://www.kronosfusionenergy.com/news/39-levelized-cost-of-energy-lcoe-model-details-foak-to-noak>

#38 · 01 SEP 2025

### **The Staged Fuel Cycle Strategy Solidified**

Kronos solidifies its staged fuel-cycle strategy, bridging near-term commissioning toward low-neutron D-3He operation.

<https://www.kronosfusionenergy.com/news/38-the-3-stage-fuel-cycle-strategy-solidified>

#37 · 01 AUG 2025

### **Expansion of the Simulation Suite to 12 Modules**

The Kronos AI simulation suite expands to twelve interoperable modules spanning magnets, plasma, and balance-of-plant.

<https://www.kronosfusionenergy.com/news/37-expansion-of-the-simulation-suite-to-12-modules>

#36 · 01 JUL 2025

### **Channel 3 & 4: Thermionic and Photovoltaic Energy Capture**

DEC Channels 3 and 4 - thermionic emission and photovoltaic capture - finalize designs to harvest surface heat and radiation.

<https://www.kronosfusionenergy.com/news/36-channel-3-4-thermionic-and-photovoltaic-energy-capture>

#35 · 02 JUN 2025

### **Channel 1 & 2: Electrostatic and MHD Extraction Maturation**

DEC Channels 1 and 2 - electrostatic retarding-field and MHD extraction - mature through 2025 engineering.

<https://www.kronosfusionenergy.com/news/35-channel-1-2-electrostatic-and-mhd-extraction-maturation>

#34 · 01 MAY 2025

### **The 5-Channel Direct Energy Conversion (DEC) Blueprint**

Kronos publishes the complete engineering blueprint for its 5-channel Direct Energy Conversion system.

<https://www.kronosfusionenergy.com/news/34-the-5-channel-direct-energy-conversion-dec-blueprint>

#33 · 01 APR 2025

### **The AEGIS System for Modular Defense Applications**

Kronos unveils AEGIS, a hardened, modular generator line for defense, remote, and critical-infrastructure missions.

<https://www.kronosfusionenergy.com/news/33-the-aegis-system-for-modular-defense-applications>

#32 · 03 MAR 2025

### **Formal Introduction of the MetroVolt Urban Generator**

Kronos formally introduces MetroVolt, its commercial urban fusion generator.

<https://www.kronosfusionenergy.com/news/32-formal-introduction-of-the-metro-volt-urban-generator>

#31 · 03 FEB 2025

### **Priyanca Ford's Q1 Founder Update**

Founder Priyanca Ford's Q1 update elevates the company's long-run economic ambitions. (Current published LCOE canon is the FOAK \$84-92 to fleet \$48-56/MWh ladder.)

<https://www.kronosfusionenergy.com/news/31-priyanca-ford-s-q1-founder-update-the-10-mwh-target>

## **2024**

---

#30 · 16 DEC 2024

### **Simulation Validates Negative Triangularity Plasma Shaping**

Kronos's simulation suite validates negative-triangularity plasma shaping for the S.M.A.R.T. reactor - suppressing edge instabilities without H-mode.

<https://www.kronosfusionenergy.com/news/30-simulation-validates-negative-triangularity-plasma-shaping>

#29 · 02 DEC 2024

### **Jack Dongarra Optimizes Exascale Computing Workflows**

Turing Award winner Jack Dongarra advises on optimizing the exascale computing workflows behind the digital twin.

<https://www.kronosfusionenergy.com/news/29-jack-dongarra-optimizes-exascale-computing-workflows>

#28 · 15 NOV 2024

### **Sushma Bhatia Steers Legislative and Environmental Strategy**

Advisory board member Sushma Bhatia steers the company's legislative and environmental strategy.

<https://www.kronosfusionenergy.com/news/28-sushma-bhatia-steers-legislative-and-environmental-strategy>

#27 · 01 NOV 2024

### **Ruben Fair's Expertise Applied to Magnetic Shielding**

Board advisor Ruben Fair brings three decades of magnet-design and magnetic-shielding expertise to the program.

<https://www.kronosfusionenergy.com/news/27-ruben-fair-s-expertise-applied-to-magnetic-shielding>

#26 · 15 OCT 2024

### **Dr. Gerald Kulcinski Champions the Aneutronic Vision**

Fusion pioneer Dr. Gerald Kulcinski joins the podcast, validating the low-neutron D-3He pathway and its aneutronic p-11B endpoint.

<https://www.kronosfusionenergy.com/news/26-dr-gerald-kulcinski-champions-the-aneutronic-vision>

#25 · 01 OCT 2024

### **"The Kronos Fusion Energy Podcast" Expands Educational Reach**

'The Kronos Fusion Energy Podcast,' hosted by Priyanca Ford, expands to demystify fusion and engage tier-one talent.

<https://www.kronosfusionenergy.com/news/25-the-kronos-fusion-energy-podcast-expands-educational-reach>

#24 · 09 SEP 2024

### **Synergies with MagLab Enhance High-Temperature Superconductors**

Work at the National High Magnetic Field Laboratory advances characterization of the high-temperature superconducting (REBCO) tapes central to the magnet system.

<https://www.kronosfusionenergy.com/news/24-synergies-with-maglab-enhance-high-temperature-superconductors>

#23 · 15 AUG 2024

### **World's First Component Factory Established in India**

Kronos establishes its first Fusion Energy Component Factory in India, executing on international scaling.

<https://www.kronosfusionenergy.com/news/23-world-s-first-component-factory-established-in-india>

#22 · 01 AUG 2024

### **Jon Michel Greenwood Spearheads Digital Twin Architecture**

CTO Jon Michel Greenwood elevates the Kronos simulation suite into a fully realized digital-twin platform.

<https://www.kronosfusionenergy.com/news/22-jon-michel-greenwood-spearheads-digital-twin-architecture>

#21 · 15 JUL 2024

### **Global Call for Supply Chain Partnerships**

Kronos launches a Supply Chain Partnership Portal, marking the transition from design toward manufacturing readiness.

<https://www.kronosfusionenergy.com/news/21-global-call-for-supply-chain-partnerships>

## **2023**

---

#20 · 15 DEC 2023

### **Establishing the KFEDS Defense Security Posture**

Kronos formalizes the KFEDS defense security posture, highlighting the resilience advantages of compact fusion for critical infrastructure.

<https://www.kronosfusionenergy.com/news/20-establishing-the-kfeds-defense-security-posture>

#19 · 01 DEC 2023

### **Exploring Synergies with SLAC and the INFUSE Program**

Kronos explores research synergies with SLAC National Accelerator Laboratory through the INFUSE program.

<https://www.kronosfusionenergy.com/news/19-exploring-synergies-with-slac-and-the-infuse-program>

#18 · 17 NOV 2023

### **PUZZLE X 2023: The Helium-3 Dawn Presented**

Founder Priyanca Ford delivers the keynote 'From Star Power to Earth: Helium-3 & the Dawn of the Fusion Era' at PUZZLE X in Barcelona.

<https://www.kronosfusionenergy.com/news/18-puzzle-x-2023-the-helium-3-dawn-presented>

#17 · 31 MAY 2023

### **Alignment with the DOE Milestone-Based Fusion Program**

Kronos aligns its development plan with the U.S. Department of Energy's Milestone-Based Fusion Development Program.

<https://www.kronosfusionenergy.com/news/17-alignment-with-the-doe-milestone-based-fusion-program>

#16 · 24 APR 2023

### **Global Community Invited to Beta Test Algorithms**

In an unusual move for a private fusion developer, Kronos opens its simulation suite to a global community of beta testers.

<https://www.kronosfusionenergy.com/news/16-global-community-invited-to-beta-test-algorithms>

#15 · 12 APR 2023

### **Unveiling of the AI/ML-Powered Simulation Suite**

Kronos unveils its AI/ML-powered simulation suite - the computational backbone that would grow into the company's digital twin.

<https://www.kronosfusionenergy.com/news/15-unveiling-of-the-ai-ml-powered-simulation-suite>

#14 · 05 APR 2023

### **The S.M.A.R.T. 40 Approach Unleashed to the Public**

Kronos publishes the 'S.M.A.R.T. Approach,' detailing the engineering and physics pathways behind its compact spherical-tokamak architecture.

<https://www.kronosfusionenergy.com/news/14-the-s-m-a-r-t-40-approach-unleashed-to-the-public>

#13 · 28 FEB 2023

### **Paul Weiss Elevated to Lead Material Sciences & Nano Technology**

Dr. Paul Weiss, holder of the Fred Kavli Chair in NanoSystems Sciences, formally takes the helm of Material Sciences & Nano Technology.

<https://www.kronosfusionenergy.com/news/13-paul-weiss-elevated-to-lead-material-sciences-nano-technology>

#12 · 22 FEB 2023

### **Staged Fuel-Cycle Strategy Initiated**

Kronos launches its staged fuel-cycle strategy — bridging a brief deuterium–tritium commissioning stage toward low-neutron deuterium–helium-3 operation, with helium-3 bred in situ via catalyzed D–D (no breeding blanket).

<https://www.kronosfusionenergy.com/news/12-strategic-tritium-breeding-program-initiated>

#11 · 15 FEB 2023

### **General Robert 'Pat' White Assumes Role as CEO**

Kronos names General Robert 'Pat' White as Chief Executive Officer, bringing decades of military logistics and program-execution experience to the S.M.A.R.T. generator program.

<https://www.kronosfusionenergy.com/news/11-general-robert-pat-white-assumes-role-as-ceo>
